

Super 17% Ewe Coarse Ration

Crude Protein %	ME (MJ/kgDM)	UFL	Coarse Ration	Pellet
17	11.0	0.94	★	X

- Suitable Coarse ration for Ewes and hogget pre lambing
- The inclusion of natively grown grain for adequate energy supply
- Complimentary to all forage diets
- Economic mineral spec with molasses to increase dry matter intakes
- Inclusion of CALMAG 10g/kg
- Do not feed out to lambs due to added CALMAG as kidney stones may become prevalent.

Benefits of using our feedstuff

At Quinns we pride ourselves on composing the majority of our feed ingredients using locally grown Irish grain. Supporting local farmers to produce high quality feedstuff alongside reducing the total carbon footprint of the product.

Our wide range of Ewe and Lamb products including the Super 17% ewe Coarse Ration includes Native grains of the highest standard produced by our local farmers. Daily analysis of these raw materials ensures the farmer receives a premium product for their livestock.
