

Supreme Intensive Lamb

| Crude Protein % | ME (MJ/kgDM) | UFL | Coarse Ration | Pellet |
|-----------------|--------------|------|---------------|--------|
| 18 | 11.2 | 0.95 | ★ | ★ |

- High inclusion of natively grown grain with main energy content from rolled barley and both flaked and ground maize.
- Molashine Molasses for increasing dry matter intakes and ensuring palatability
- Quinns Protein pellet which is a soya and oat blend leaving less waste in the trough and ensured consumption of rumen bypass protein necessary for rumen development and growth
- Includes Quinns Intensive Lamb mineral which contains Ammonium chloride inclusion to greatly reduce the risk of urinary calculi
- Suitable for feeding at high levels in creep feeders for accelerating live-weight gain in lambs
- Our Supreme Lamb Museli/Pellet offers the perfect feed package to feed pre/post weaning to help achieve maximum growth potential

Non-negotiables at lambing time

- **Access to fresh clean water daily**
- **A High Protein high energy supplement to aid growth and provide increased average daily growth rates**
- **Sufficient supply of high quality colostrum**
- **Access to optimum quality grass**
- **Hygiene and spacing are key if lambing indoors to reduce mortality pre and post lambing which is crucial**
